SUMMARY OF THE REASONS FOR DECISION:

The DVD entitled *Sins*, also known as *Private Gold 10*, is classified as:
Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years.

The DVD has 12 moving components including a feature entitled *Sins* that has a running time of 101 min 24 sec. A feature with this title and a running time of 101 min 14 sec, has been classified previously by the Office of Film and Literature Classification on a video recording (OFLC No. 9800951). In this case the publication was classified objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years and assigned the descriptive note "Contains explicit sex scenes". This decision was registered on 21 September 1998. The DVD feature appears otherwise identical to the video feature (with the difference in running times apparently accounted for by the different running speeds of the different media).

In addition to the feature the DVD contains trailers, a behind-the-scenes short, notices and non-moving components. Some of the trailers and the short contain very brief depictions of sexual activity of the same degree and manner as that in the feature and as such do not affect the classification previously assigned.
